***DETAILED ACTION -ALLOWANCE***

***Claim Status***

Applicant's amendment filed April 6, 2010, in response to the Office action dated January 28, 2010 has been entered. Claim 15 has been amended. No claims were cancelled or newly added. Accordingly, claims 15 and 54-56 remain pending in the application.

Claims 15 and 54-56 were previously rejected under 35 U.S.C. §112, first paragraph, as failing to comply with the written description requirement and introducing new matter. Applicants have indicated the presence of sufficient support in their specification for the new limitations, rendering the ground of rejection moot. Thus, the rejection is hereby withdrawn.

Claims 15 and 54-56 were previously rejected under 35 U.S.C. §112, first paragraph, as non-enabled for the full scope of the invention. Applicants have amended base claim 15 to incorporate language previously set forth in the enabled scope, and obviating the ground for rejection. Accordingly, the rejection is hereby withdrawn.

***REASONS FOR ALLOWANCE:***

The following is an examiner's statement of reasons for allowance:

The closest prior art of record is that of Myers et al. (U.S. Patent Application Publication No.: 2002/0034780), describing methods for identification of antisense compounds that modulate the activity of a kinase (SEQ ID NO: 1), similar to the rat NIPK protein. However, the prior art of record fails to describe assaying the activity of NIPK protein in the presence of both a modulator of its activity and a cell death inducer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

**Claims 15 and 54-56 are allowed.**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to FEREYDOUN G. SAJJADI whose telephone number is (571)272-3311. The examiner can normally be reached on 6:30 AM-3:30 PM EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph Woitach can be reached on (571) 272-0739. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
